**V1**                      C                                      Em                                      Am                                      F  
You restore the wasted years,                      You build the broken walls  
Your love replaces fear,                      Your mercy makes us whole  
Dm                      C/E                      FM7  
Adopted healed and lifted

**CHORUS**                      F                      C                      G                      Dm  
I am not the same I'm a new creation  
F                      C                      G                      G  
I am not the same anymore  
F                      C                      G                      Dm  
I am not ashamed I will not be shaken  
F                      C                      G                      G  
I am not the same anymore

**V2**                      C                                      Em                                      Am                                      F  
I bow before your cross,                      A broken life made new  
Amazed at all You are,                      And who I am in You  
Dm                      C/E                      FM7  
Adopted healed and lifted  
Forgiven found and rescued **TO CHORUS**

**BRIDGE**                                      F                      C                                      G                                      Am  
You have overcome, it is finished, it is done  
F                      C                                      G                                      G  
Now my heart is finally free  
F                      C                                      G                                      Am  
Every chain undone, by the power of the Son  
F                      C                                      G                                      G  
Risen Saviour, Reigning King
