

## Help me Lord

B/D#      A/C#      B/D#  
Help me Lord, I can't see  
            A                      B/D#  
What you have in store for me  
            A/C#                      B/D#  
Even though all seems dark  
            A                      E      Esus      E  
Help me Lord, to trust your heart

B/D#      A/C#      B/D#  
I am tired, I am weak  
            A                      B/D#  
Are you listening to me  
B/D#      A/C#                      B/D#  
You seem so far, Far from here  
            A                      E  
Now I need you to be near

A                      E/B
I throw myself into your arms
F#m                      E
resting in tenderness and love
A                      E/G#
You are the Lord, I bow to you
F#m—B--E
And I will always follow you

Hold me close, Holy One  
Let your loving comfort come  
Help me pray like your Son  
Not my will but yours be done
