

Saving Love

E (G#m) F#
We were a world away, when You sought for us
We were your enemies, when You fought for us
E G#m
We were the runaway, You loved us anyway
F#
Bought us with blood, Saved us in love

B (Bsus--B)
Oh what a Savior, Oh what a Savior,
G#m F# E
Oh what a saving love
B B Bsus--B
We were dead in the grave But Your power has raised us
G#m F# E
All by your saving love

V2 You came to comfort us, we rejected You
You came to rescue us, we arrested You
You loved the world so much, you came to die for us
Bought us with blood, saved us in love

EM7 F# B/D# E (F#)
There is no fear in love, no fear in love, no fear in your love ////

V3 The day is drawing near when heaven opens wide,
The son of God appears and those in him will rise
All of the world will see the King of Majesty
There's a Fire in his eyes that burns for his bride
